

Dear Colleagues,

We are very pleased to present the scientific programme of the fifth **WORLD IFOS COURSE ON HEARING REHABILITATION** to be held in Naivasha, Kenya, on May 12-13, 2020.

This course addresses the requirements of the IFOS global missions: to promote the specialty all around the world reflecting the practice diversity.

The course has been made possible mostly with the collaboration of the the French ENT Association (SFORL).

We really hope that many of you will join us in Kenya.

Make listening safe, a WHO initiative

Mark Laureyns

Economic Impact of hearing loss: the different systems of hearing management

Mark Laureyns

Role of foundations in global outreach

To be confirmed

🕒 10:00 ▶ 10:30 pm Coffee break

Round Table: Strategies to improve access of hearing health care and assistive technologies

Moderator: Bernard Fraysse

Panelists: Alfred Mwamba, Clemence Chidziva, Titus Ibekwe, Asmeeta Patel, James Saunders

New hearing healthcare service-delivery models with connected technologies

To be confirmed

Training of hearing health professionals

Wakhisa Mulwafu, Wahome Isaac, James Saunders, Alfred Mwamba

Humanitarian actions organized by IFOS / SFORL

Isaac Macharia, Thierry Mom, Bertrand Gardini

🕒 1:00 ▶ 2:00 pm Lunch

🕒 2:00 ▶ 4:00 pm

AUDIOLOGY

Audiological diagnosis after newborn screening

Hung Thai Van

Assessing outcome of hearing aid in adult and children

Mark Laureyns

Interest of genetic counseling in hearing loss

James Saunders

Round Table: Universal new born screening: the good model

Moderator: H. Thai Van

Panelists: Serah Ndegwa, James Saunders, Ossama Hamid, Natalie Loundon

🕒 4:00 ▶ 4:30 pm Coffee break

🕒 4:30 ▶ 06:30 pm

EQUILIBRIUM

Bedside neuro-otological examination and interpretation of commonly used tests

Pierre Bertholon

Vertigo in the emergency department

Pierre Bertholon

Transtympanic injections and Meniere Disease: is there a consensus today?

Ossama Hamid

Clinical cases discussion

Pierre Bertholon

🕒 8:30 ▶ 10:00 am

MIDDLE AND INNER EAR SURGERY

Basic Surgical anatomy on temporal Bone

Christophe Vincent

Middle ear surgery - video session

Vincent Couloigner, Thierry Mom, Christophe Vincent, Bernard Fraysse

How to close a perforation: endoscope or microscope?

Classification of Cholesteatoma and surgical techniques

Ossiculoplasty, autogenous or biomaterial?

Video Session - Stapes surgery, Ossiculoplasty, Obliteration technique, Meatoplasty and open technique, Translabyrinthine approach

🕒 10:00 ▶ 10:30 pm Coffee break

🕒 10:30 ▶ 1:00 PM

GUIDELINES AND STATE OF THE ART

Cochlear Implant selection criteria and pre-operative assessment in Adult

Roland Laszig, Bernard Fraysse

Cochlear Implant selection criteria and pre-operative assessment in Children

Natalie Loundon

Cochlear implants in low resource informants: determinants of cost-effectiveness

James Saunders

Different scenario in sudden hearing loss according to local resources

Thierry Mom

Complications of Otitis Media

James Saunders

Round Table: Guidelines on acute otitis media

Moderator: Vincent Couloigner

Panelists: Christophe Vincent, Natalie Loundon, Din Mujahid, Bertrand Gardini
